

EAST TENNESSEE STATE UNIVERSITY
BOARD OF TRUSTEES
ACADEMIC AND STUDENT AFFAIRS COMMITTEE
JUNE 2017 MEETING

9:30-11:30am EDT
Friday
June 9, 2017

Third Floor Meeting Room
D.P. Culp University Center
412 J.L. Seehorn Road
Johnson City, TN

AGENDA

- I. Call to Order
- II. Roll Call
- III. [Approval of the Committee Minutes from April 24, 2017](#) (5 minutes)
- IV. [Promotion and Tenure of Faculty Members](#) (10 minutes)
- V. [Memorandum of Understanding with Mountain States Health Alliance](#) (30 minutes)
- VI. [A Review of the Teaching Profile of ETSU by Time Status and Tenure Status](#)
(30 minutes)
- VII. [ETSU Online: A Report on Quantitative and Qualitative Dimensions](#) (30 minutes)
- VIII. Other Business
- IX. Adjournment

EAST TENNESSEE STATE UNIVERSITY
BOARD OF TRUSTEES

ACTION ITEM

DATE: June 9, 2017

ITEM: Approval of the Minutes of April 24, 2017

COMMITTEE: Academic and Student Affairs Committee

RECOMMENDED ACTION: Approve

PRESENTED BY: David Linville, Secretary

The minutes of the April 24, 2017 meeting of the Academic and Student Affairs Committee are included in the meeting materials

MOTION: I move that the Board of Trustees adopt the resolution, approving the minutes as outlined in the meeting materials.

RESOLVED: The reading of the minutes of the April 24, 2017 meeting of the Academic and Student Affairs Committee is omitted, and the minutes are approved as presented in the meeting materials, provided that the Secretary is authorized to make any necessary edits to correct spelling errors, grammatical errors, format errors, or other technical errors subsequently identified.

EAST TENNESSEE STATE UNIVERSITY
BOARD OF TRUSTEES
ACADEMIC AND STUDENT AFFAIRS COMMITTEE

MINUTES

April 24, 2017
Johnson City, Tennessee

The East Tennessee State University Board of Trustees Academic and Student Affairs Committee held its first meeting at 2 p.m. on Monday, April 24, 2017, in the President's Conference Room in Burgin Dossett Hall on ETSU's main campus in Johnson City, Tennessee.

I. Call to Order

Dr. Linda Latimer, chair of the Academic and Student Affairs Committee, called the meeting to order.

Roll Call

Deputy Secretary Mr. Nathan Dugger called the roll. Committee members in attendance were:

Dr. Linda Latimer, chair
David Golden
Fred Alsop
Janet Ayers (via telephone)

Mr. Dugger told Chair Latimer she had a quorum.

Guests in attendance included: Joe Smith, University Relations; Dr. Wilsie Bishop, vice president for Health Affairs; Dr. Mike Hoff, associate vice president of Planning and Decision Support and chief planning officer; Dr. Bert Bach, provost and vice president of Academic Affairs; and Kristen Swing, University Relations (taking minutes).

Housekeeping Items

Mr. Dugger asked Trustee Ayers two questions in accordance with Tennessee Code 8-44-108 section (c)(3). He asked if Trustee Ayers was able to clearly hear the folks at the meeting so that she could participate. Trustee Ayers said she could hear. Those physically present at the meeting confirmed they could hear Trustee Ayers. Mr. Dugger also asked Trustee Ayers to identify any persons present in the room with her, to which she said no one was in the room with her.

II. Briefing Items

Chair Latimer explained that, due to the short timeline before the accreditation visit by the Southern Association of Colleges and Schools Commission on Colleges occurring May 15-17, it was necessary for the committee to meet in order to review and approve for recommendation to the full board agenda items related to faculty promotion and tenure, faculty rank and academic freedom.

Dr. Bert Bach provided an orientation to matters relevant to committee deliberations and actions that pertain to responsibilities set forth in bylaws. Dr. Bach reported that he met with Chair Latimer about two weeks ago and walked her through the presentation he was about to give to the entire committee. He said the presentation attempts to address how various actions and the university relate to the charge of this specific committee.

- A. Dr. Bach began by providing the committee's charge, which spans 14 areas of responsibility or oversight, including nine relating to Academic Affairs, three relating to Student Affairs and two relating to Athletics. (*Committee Charge, Section 5 of bylaws.*)
- B. Those areas fall under three vice presidents – Dr. Bert Bach; Dr. Wilsie Bishop, vice president for Health Affairs; and Dr. Joe Sherlin, vice president of Student Affairs. He shared with committee members organizational charts for each of those individuals.
- C. Dr. Bach noted that the Tennessee Higher Education Commission, in light of the governance change, has revised a number of policies related to academic programs, which were approved by the Board of Trustees at the inaugural meeting in March. THEC will be revising additional policies and ETSU will have to reflect those revisions in its policies.

The authorization for final approval of programs (changes to, creation of, etc.) is reflected in Tennessee code and THEC policy. Those actions are established through a series of protocols that Dr. Bach referred to as “what is” done currently and pointed out that the Board of Trustees will determine what “will be.” Dr. Bach noted that curricular matters, by policy, emerge from the faculty. Dr. Bach shared a matrix that depicts final authority for approval of academic policy or actions. The matrix shows various types of academic actions (in the left column) as well as the various bodies that consider the actions and where an action is approved. Dr. Bach noted that the Division of Student Affairs is developing a comparable matrix.

Trustee Golden asked a question regarding the matrix and who approves specific actions (for example, the Name/Title change for Program/Concentration) because it did not say “approves” anywhere. Dr.

Bach explained that it is the last blue box on the line that indicates who makes the approval. (In the given example, he said the president would be the one to approve.)

- D. Dr. Bach explained that, as provost and vice president for Academic Affairs, he chairs the Academic Council. He provided the charge of the Academic Council as well as its membership. He said he also serves as staff for this committee. He noted that he served for 12 years staffing the equivalent of this committee for the Tennessee Board of Regents and, over that period of time, worked with a number of committee members and chairs.
- E. Different committees, Dr. Bach said, have different preferences on reports they want to see and ones they do not wish to see. He said he is presenting fairly common reports that existed at the TBR committee meetings but said it is up to this committee to determine if this is the information it wants to see or if there is other information it wants to review.
- F. Recurring reports typically reviewed by the TBR equivalent of this committee include items relating to accreditation and program quality in September (Regional Accreditation Status, THEC Quality Assurance Program Reviews, Licensure Exam Results, etc.); items relating to student outcomes, engagement and state funding implications in November (ETSU Outcomes Based Funding, Markov Chain Enrollment Projections, Student Engagement Review, Student Athlete Profile and Success Report, etc.); items pertaining to quality assurance funding in February (Quality Assurance Funding, etc.); and instructional profile and student success initiatives in April (Teaching Profile by time status and tenure status, etc.).

Second kinds of reports that are traditionally recurring include reports focused on enrollment, student success and Drive to 55 data. This includes items relating to retention, progression, graduation and the engagement profile. It also includes a faculty profile by type and credit hours produced. Dr. Bach noted that trustees might ask for things such as the teaching distribution (by course level, faculty type and/or by college).

There also traditionally have been ad hoc, or non-cyclic, reports provided to this type of committee. As examples, these might include updates on the potential Mountain States Health Alliance/Wellmont merger; information on the minors on campus policy being created; policies and procedures related to public forums on campus; and information related to emergency preparedness.

Trustee Golden asked, Who feels they own Goldlink? Referencing the customer orientation around Goldlink, Trustee Golden said he felt that affects Student Affairs and suggested this committee take some oversight

of that, with the front-end user (student) in mind. He noted that nothing touches ETSU students more than Goldlink.

Trustee Golden also asked which committee owns Alumni. He said he has had a number of ETSU alumni asking him questions since he was appointed to the board. While he understood that alumni may not have been an area of focus for the TBR, he said he felt it was an area of opportunity that needed to belong to one of the Board's committees. Trustee Golden said he did not want it to fall through the cracks.

III. Adoption of Policies

Dr. Bach presented four policies: Tenure; Faculty Ranks and Promotion; Definition of Faculty and Types of Appointment; and Academic Freedom and Responsibility.

He said some members of the ETSU faculty were notified last year that they would be eligible for tenure. Those individuals began going through the review while ETSU was still under the TBR. Dr. Bach said there was particular concern that we did not change the review process on the people in this situation as governance is moved to the Board of Trustees. He said there must be a policy in place in this area for accreditation standards. He noted that these four policies are longstanding policies that currently reside in the faculty handbook and align with corresponding TBR policy. With the tenure policy in particular, Dr. Bach said it must be changed to indicate the Board of Trustees now awards tenure. He said changes to the policy are all minor editorial changes, essentially removing references to the TBR. There also were some hyperlinks that led to other TBR policies, so the verbiage of those sections were added to the policy rather than just a hyperlink to the sections. Given the fact that this is a very sensitive issue, Dr. Bach asked past president of the Faculty Senate Dr. Virginia Foley and current Faculty Senate President Dr. Susan Epps to review the policy and ensure no changes have been made. They went through it page by page and confirmed there were no substantive changes. The policy was then approved at Academic Council.

Dr. Bach recognized there may be parts of the policies that the Board of Trustees will want to change over time. While there are opportunities for improvement, he said it was important to be able to say that, to the extent possible, we are only proposing changes that indicate the Board of Trustees is replacing the TBR.

Trustee Alsop pointed out that as past president one of Dr. Foley's duties is controlling any editorial changes to the faculty handbook and noted that a committee, on which he served, looked at the policies.

Trustee Golden said it makes a lot of sense to him, with so much new happening right now, to not do more new than we need to, particularly around an issue as sensitive as tenure. He also aired his appreciation for the extra effort (in getting Drs. Foley and Epps to review) to provide assurance.

Dr. Bach noted that what he said about the tenure policy essentially applies to the other three proposed policies as well. He did point out that the Academic Freedom and Responsibility policy is noted in the meeting materials as being new, but said it was a mistake and should, like all the others, be noted as “revised.”

Trustee Golden made a motion to recommend the adoption of the policies. It was seconded by Trustee Alsop and unanimously approved. The recommendation will now be presented to the full Board of Trustees for approval.

IV. Other

- A called Board of Trustees meeting is expected to take place in early May. Deputy Secretary Dugger indicated it was tentatively scheduled for May 12 at 9 a.m., however several committee members indicated potential conflicts with that date. Deputy Secretary Dugger said once the necessary committee meetings were scheduled, the called meeting of the full Board would be scheduled according to availability of trustees.
- Trustee Alsop asked for an update on the upcoming SACS accreditation visit. Dr. Bach said SACS has a template review document that indicates there will be meetings with the Board of Trustees as part of the visit, but noted the itinerary will be up to the SACS chair for the visit. Dr. Wilsie Bishop, having conducted several visits to other institutions for SACS, reviewed the process for team accreditation visits, particularly those initiated by a governance change. She said the team will want to know from the Board of Trustees if policies have been established and if those policies are being followed. She said the team typically looks at meeting minutes to ensure the Board of Trustees is focusing on policies and not the operation of the university. She said there will likely be at least one meeting with available trustees and that the team is interested in the processes trustees have gone through to be oriented. Dr. Bishop said there will probably be a president or chancellor of a university and the SACS vice president will definitely be part of the team. Dr. Bach noted that the current SACS vice president Dr. Cheryl Cardell is retiring soon but has agreed to staff the ETSU visit. Dr. Bishop added that the chair of the team coming to ETSU is the provost at Texas A&M.
- Chair Latimer encouraged all of the committee members to start sending information on what they want to look at in future meetings.

Chair Latimer adjourned the meeting at 2:54 p.m.

EAST TENNESSEE STATE UNIVERSITY
BOARD OF TRUSTEES

ACTION ITEM

DATE: June 9, 2017

ITEM: Promotion and Tenure of Faculty Members

COMMITTEE: Academic and Student Affairs Committee

RECOMMENDED ACTION: Approve

PRESENTED BY: Dr. Bert C. Bach
Provost and Vice President for Academic Affairs

Promotion in rank is recognition of past achievement of the faculty member being considered for promotion. In addition, the advancement in rank is recognition of future potential and a sign of confidence that the individual is capable of even greater accomplishments and of assuming greater responsibilities. The policy of the University is to make promotions strictly on consideration of merit tempered by university and fiscal considerations.

The major responsibilities of the university are to provide the best possible education, to encourage scholarship, creative productivity, and research, and to furnish significant service to the citizens of the State of Tennessee. Fundamental to this responsibility is the recruitment, selection, recognition, and retention of quality faculty members. Providing incentives and rewards for superior performance is a means of assuring the continuing existence of a high quality faculty. Advancement in rank is a recognition of accomplishments and a sign of confidence that the individual is capable of greater achievements and of assuming greater responsibilities. The policy of East Tennessee State University is to grant advancement on the basis of merit. In accord with this policy, promotions are to be made equitably, impartially, and in keeping with university guidelines.

The appraisal of each candidate includes a thorough review of achievements which are expected in teaching; research, scholarly or creative activity; and professional service. The criteria according to which excellence is defined will vary from discipline to discipline. The standards established by each discipline are carefully documented and considered by everyone involved in the evaluation of members of that discipline.

Tenure is awarded only by positive action of the Board of Trustees, pursuant to the requirements and procedures of the policy of the university. Tenure is a personnel status in an academic department or other academic program unit pursuant to which the academic or fiscal year

appointments of full-time faculty who have been awarded tenure are continued at a university until the expiration or relinquishment of that status, subject to termination for adequate cause, for financial exigency, or for curricular reasons.

The awarding of tenure is recognition of the merit of a faculty member and of the assumption that he/she would meet the long-term staffing needs of the department or other academic program unit and the university. Tenure is awarded only to those members of the faculty who have exhibited professional excellence and outstanding abilities sufficient to demonstrate that their future services and performances justify the degree of permanence afforded by academic tenure. Tenure appointments reside in the departments and other academic program units, and are assurances of continued employment during the appointment year subject to expiration, relinquishment, or terminations of tenure as set out in the university policy.

MOTION: I move that the Academic and Student Affairs Committee recommend adoption of the following Resolution by the Board of Trustees:

RESOLVED: Promotion in rank and/or the awarding of Tenure is granted to the faculty members recommended by the President in the particular unit, department, or college as outlined in the meeting materials.

May 10, 2017

David Linville, MD, EdD, Secretary
ETSU Board of Trustees
East Tennessee State University

Dr. Linville,

I recommend that the Board of Trustees award tenure to the faculty named on attachment A and promotion to those named on attachment B. The faculty listed below are recommended as exceptions permitted by ETSU policy or are recommended for tenure upon appointment.

Attachment C provides summary data on numbers and percentages of full-time ETSU faculty with tenure and by professorial rank in fall 2015 and fall 2016.

Recommended as Exceptions

Dr. Thomas Bishop Department of Family Medicine
Exception: Awarding tenure prior to completing the probationary period

Dr. Bishop came to East Tennessee State University as an assistant clinical professor in Family Medicine in 2012 and transferred to the tenure track in 2014. During his time at ETSU he has been recognized as an outstanding clinician, working as a clinical psychologist at the Johnson City Family Medicine Clinic, where he is now the director of behavioral medicine. His service to ETSU includes playing a leadership role in the Academic Health Sciences Center's inter-professional education initiative. In addition to directing clerkships he has given numerous lectures and presentations to classes in the Quillen College of Medicine, ETSU's department of psychology, and elsewhere. He is the first author of three articles published since his arrival at ETSU and has been a co-presenter of 24 poster sessions and presentations at regional and national meetings. Dr. Bishop is currently the principal investigator or core investigator of several grants and projects in the Quillen College of Medicine.

Dr. Jennifer Gibson Department of Pediatrics
Exception: Awarding promotion to associate professor prior to completing the minimum years in rank

Dr. Gibson came to East Tennessee State University in July 2012 as an assistant professor and general pediatrician and pediatric hospitalist. Dr. Gibson is a skilled clinician and has assumed positions of increasing responsibility since coming to ETSU, now serving as chair of the department of pediatrics at the Niswonger Children's Hospital in Johnson City, Tennessee. Since 2012 she has co-authored four articles and made 13 presentations at regional and national conferences. Dr. Gibson currently serves as the Quillen College of Medicine Pediatric Clerkship Director and has been recognized for her teaching. She is the recipient of numerous honors, including the ETSU Caduceus Club's Outstanding Clerkship of the Year Award for 2016 and the ETSU Department of Pediatrics Award for Faculty Member of the Year, 2014-15. Dr. Gibson is an advocate for the Niswonger Children's Hospital and in addition to her professional duties devotes volunteer time to fundraising efforts on behalf of the hospital.

Dr. Kristi Julian

Department of Engineering Technology, Surveying, and Digital Media

Exception: Awarding tenure prior to completing the probationary period and awarding promotion to associate professor prior to completing the minimum years in rank

Dr. Julian joined East Tennessee State University in fall 2013 and since that time has developed an excellent teaching record, reflected in her nomination for the College of Business and Technology teaching award in 2013 and new faculty award in 2014. Dr. Julian teaches at the undergraduate level and has served as mentor for more than 30 undergraduate students. With respect to research, she has published more than 20 peer-reviewed articles since arriving at ETSU. In 2016 she received the Interior Design Educators Council-South award for best regional abstract and presentation. Dr. Julian has received several internal and external grants as well. She has given several invited talks and made presentations at regional, national and international conferences. She has also taught a study abroad course in Rome, Italy, as part of ETSU's new interior architecture curriculum. Prior to coming to ETSU she received five service awards for her work with professional organizations.

Dr. Jackson Williams

Department of Pediatrics

Exception: Awarding promotion to associate professor prior to completing the minimum years in rank

Dr. Williams joined East Tennessee State University in 2016. An experienced clinician and educator, he was previously assistant professor of pediatrics at the Tufts University School of Medicine in Springfield, Massachusetts, where he was also division chief and pediatric hospitalist at the Baystate Medical Center. He now serves as division chief and pediatric hospitalist at the Niswonger Children's Hospital in Johnson City, Tennessee. Dr. Williams brings to ETSU a distinguished record of public service that includes international medical missions to countries such as Haiti, Liberia and India. In 2010 he was a founding member and leader of REACH, Residents Educated in Alternative Cultures and Health, which developed an international medical curriculum and program for resident physicians and others at Tufts University. Dr. Williams' many honors and recognitions include Baystate Hospital's David Sigelman Humanitarianism Award (2012). He has co-authored four articles and made numerous presentations at national and international conferences. Dr. Williams currently serves as the founding co-chair of the global health subsection of the hospital medicine section of the American Academy of Pediatrics.

Recommended for Tenure upon Appointment

Dr. Jean Hemphill

To be tenured at the rank of associate professor in Nursing Graduate Programs.

I am honored to recommend for tenure or promotion the faculty named in this letter and those on the documents accompanying it.

Sincerely,

Brian Noland
President

EAST TENNESSEE STATE UNIVERSITY
BOARD OF TRUSTEES

ACTION ITEM

DATE: June 9, 2017

ITEM: Memorandum of Understanding with Mountain States Health Alliance

COMMITTEE: Academic and Student Affairs Committee

RECOMMENDED ACTION: Approve

PRESENTED BY: Dr. Wilsie S. Bishop
Vice President for Health Affairs

ETSU and its health professions programs offered through the Academic Health Sciences Center (AHSC) have been affiliated with the hospitals within the Mountain States Health Alliance (MSHA) for over sixty years. In recent years as the system has become more complex and with the current focus on the merger of this system with the Wellmont Health System (WHS), also a clinical affiliate of our health professions programs, it was determined that all existing affiliation agreements and contracts should be brought together under the umbrella of one Memorandum of Understanding (MOU). The AHSC has begun this process with MSHA and upon completion of the MOU between MSHA and ETSU, AHSC leadership will begin the process of creating an umbrella MOU with WHS and/or the merged Ballad Health System.

During Summer and Fall 2016, discussions began with the MSHA leadership and the ETSU/AHSC deans, President Noland and Vice President Bishop to begin the MOU development. Over the past six months, a small writing group with representatives from both MSHA and ETSU have completed the initial development of the MOU that outlines infrastructure, standing rules, and opportunities for collaboration going forward.

Specifically, the MOU

- Affirms mutual commitment to providing medical and health professional education, conducting research and improving the health and welfare of the people of our region.
- Affirms commitment of the two institutions to develop a strategic relationship governed at a senior level which will benefit the respective goals of Mountain States and ETSU.
- Identifies a joint purpose and common objectives including:
 - Educating and training current and future healthcare providers
 - Improving the health of the region by addressing the leading health determinants and challenges of the region

- Providing high quality, affordable, and accessible healthcare across the clinical spectrum and lifespan
 - Advancing the understanding of health and disease through research
 - Working toward interoperability of information, health records, clinical, and research platforms to support achievement of mutual goals.
- Provide an infrastructure for strategic initiatives as well as implementation of joint and mutually beneficial endeavors to include:
 - Coordinating Council (with a representative from the ETSU Board of Trustees)
 - Joint Education Council
 - Joint Clinical Council
 - Joint Research Council
- Acknowledges importance of the primary relationship between MSHA and ETSU in developing an academic health center model for our region.

MOTION: I move that the Academic and Student Affairs Committee recommend adoption of the following Resolution by the Board of Trustees:

RESOLVED: The Board of Trustees authorizes the President of the University to execute the Memorandum of Understanding with Mountain States Health Alliance as outlined in the meeting materials.

OPERATING MEMORANDUM OF UNDERSTANDING
between
EAST TENNESSEE STATE UNIVERSITY
and
MOUNTAIN STATES HEALTH ALLIANCE

PREAMBLE

The parties hereto intend this Operating Memorandum Of Understanding (“MOU”) for the purpose of formally recognizing the cooperative efforts of East Tennessee State University, a Tennessee state institution of higher education (“ETSU”) and Mountain States Health Alliance, a Tennessee not-for-profit corporation (“Mountain States”), and to delineate the general responsibilities of each in a mutually beneficial agreement in order to improve medical and health professional education, research, academic enhancement and health care for citizens of this region and the State of Tennessee.

RECITALS

WHEREAS, ETSU, through the five colleges of its ETSU Academic Health Sciences Center (each a “College” and, collectively, “Colleges”), shares with Mountain States a long-standing and highly effective commitment to providing medical and health professional education, conducting research and improving the health and welfare of the people of northeast Tennessee and southwest Virginia;

WHEREAS, through their health professional education, inter-professional delivery of health care, focused research, community service, and their long-standing contributions to the region, the Colleges are uniquely qualified to expand their existing collaborations with Mountain States to more effectively and efficiently improve the lives of people living in the region;

WHEREAS, Mountain States operates health care facilities and programs for the benefit of the citizens of northeast Tennessee, southwest Virginia and beyond, serves as a venue for the provision of health professional and medical education, conducts research, provides community service, and provides a unique and necessary outlet for the training and education of health professionals from the Colleges;

WHEREAS, Mountain States and the Colleges have indicated an interest in jointly working to improve the health and welfare of the people in the region;

WHEREAS, the Medical Education Assistance Corporation (“MEAC”) is a private non-profit corporation established to support ETSU’s medical education-related objectives, and the parties intend Mountain States’ contractual relationship with MEAC to be subject to this MOU in the same manner as ETSU;

WHEREAS, Mountain States and ETSU believe that a strategic relationship between the two organizations governed at the senior level will benefit the respective goals of Mountain States, ETSU and its Colleges.

WHEREAS, this MOU does not alter the responsibilities and authority of the governing bodies of the participating organizations.

THEREFORE, the parties agree as follows:

I. JOINT PURPOSE AND COMMON OBJECTIVES

Each party thereby commits to cooperative effort for the benefit of the region and the States of Tennessee and Virginia by improving healthcare through the following common objectives:

1. Educating and training current and future healthcare providers and related professionals in the region to possess the knowledge, skills, and abilities necessary to improve the health of the people living in the region;
2. Improving the health of the region by addressing the leading health determinants and challenges of the region through an integrated and collaborative program of inter-professional education, research, clinical care, and community-based activities;
3. Working together to provide, within the region, high quality, affordable, and accessible healthcare across the clinical spectrum and individual lifespan;
4. Advancing the understanding of health and disease through research and translating these advances into improved healthcare delivery and effective community health improvement programs.
5. Mountain States and ETSU will work toward the adoption and development of inter-operability of information, health records, clinical, and research platforms that effect goals set forth in this MOU to ensure clinical, financial and analytical data is available for patient care, research and quality improvement purposes.

II. ORGANIZATION AND GOVERNANCE

The parties recognize that Mountain States and its Medical Staff have sole responsibility for control of intra-hospital activities and that ETSU and its faculty have sole responsibility for the conduct of the educational activities of the Colleges. Each party agrees to respect these rights and ensure that the philosophy of this MOU is implemented.

III. COORDINATING COUNCIL

1. Mission and Responsibilities. ETSU and Mountain States agree to build on their existing relationships to create a robust collaboration by creating a senior level committee (“Coordinating Council”) that will meet regularly to ensure close and on-going collaboration, explore and address current and future trends in healthcare and community health, evaluate the changing health status of the region, share best practices, and bridge the historical divide between “academia” and the “work-place.”
2. Composition. The membership of the Coordinating Council will be comprised of the following:
 - a. one currently serving board member of Mountain States;
 - b. one currently serving board member of ETSU;
 - c. the current President of Mountain States;
 - d. the current President of ETSU;
 - e. the current Vice President for Health Affairs of ETSU;
 - f. a senior administrator of Mountain States with responsibilities for education mission;
 - g. one *ad hoc* representative of ETSU, identified annually by, and serving at the pleasure of, the President of ETSU; and
 - h. one *ad hoc* representative of Mountain States, identified annually by, and serving at the pleasure of, the President of Mountain States.
3. Duties and Responsibilities. The Coordinating Council will provide guidance to ETSU and Mountain States leadership regarding strategy, policy, financial, and advocacy recommendations; make recommendations on education, clinical care, clinical training, research relationships, and perform conflict resolution. The Coordinating Council will also have responsibilities for oversight of strategic initiatives, accountability for successful development of an academic health center, and advocacy for the common

goals of the two organizations set forth in this MOU and its Exhibits. The Coordinating Council will annually establish a three to five year strategic plan for its collaborative goals and recommend an operating budget for same. The Coordinating Council will also approve the coordinating and operational arrangements of the committees tasked with fulfilling the goals set forth in this MOU, which will be attached as Exhibits, hereto, and as subsequently drafted and submitted to the Council in the future. The Coordinating Council will have the authority to review proposals and initiatives proposed by such committees, and will develop guidelines for review of same.

4. Meetings. The Coordinating Council will generally meet bi-monthly, but not less than four times each year. The Council will establish appropriate rules of order for its meetings and may organize sub-committees with participation of non-members of the Coordinating Council from each institution as required to perform the business of the Council outlined in this section.
5. Charter. The Coordinating Council will adopt a charter to govern the scope and manner in which it conducts its business in accordance with the goals outlined within this MOU.

IV. APPOINTMENTS AND JOINT EMPLOYMENT

1. Appointment. As set out more fully in the attached Exhibits, Mountain States will appoint appropriate professional personnel of ETSU (upon consultation with the President of ETSU) as voting members of Mountain States' relevant board and professional committees and organizations, who will, participate as full members on such committees and organizations. Examples of such committees and organizations include, but are not limited to, Mountain States' finance, social responsibility, quality and workforce board committees, and Mountain States' professional committees such as Pharmacy and Therapeutics, Physician's Council for Clinical Excellence, and similar committees according to the specific professional disciplines. Likewise, ETSU will appoint appropriate professional personnel of Mountain States (upon consultation with the President of Mountain States) to appropriate positions on advisory and/or administrative committees at ETSU, including, but not limited to, ETSU's professional admissions and inter-professional committees, as well as administrative councils within ETSU, its Academic Health Sciences Center ("AHSC") and its colleges. ETSU may grant Administrative and clinical personnel at Mountain States adjunct or other faculty

positions, as appropriate. Participation by each party on the other's respective operations committees and various ad hoc committees will be addressed, as appropriate, by the respective committees.

2. Duties. The parties acknowledge that each's membership on committees of the other is intended to ensure collaboration and communication while also remaining compliant with the best practices of governance. As such, any personnel appointed to serve on a committee or organization must act, at all times during performance of such roles, in the best interest of the organization to which committee he/she is serving. To the extent any ETSU personnel serve on a committee of the Board of Directors of Mountain States, or on any operating committee or organization, each such individual will be required to perform with a duty of care, loyalty and obedience to Mountain States, and shall acknowledge compliance with such duties is mandatory for continued service. Similarly, to the extent any Mountain States personnel serve on a committee or organization associated with ETSU, each such individual will ensure they act in the best interest of ETSU in carrying out their responsibility as a member of such committee.
3. Joint Employment. As set out more fully in the attached Exhibits, future hires of Mountain States and ETSU may hold joint positions between Mountain States and ETSU, with collaboration on employee performance assessments and evaluations, as appropriate.
4. Employee Recruitment. In accord with the strategic initiatives of both parties, efforts will be made to coordinate recruitment of professional employees to their respective organizations.

V. EDUCATION AND TRAINING

1. ETSU and Mountain States will create a joint education council, with representation from the leadership of both parties, to pursue superior educational environments for the benefit of students and trainees from ETSU, ensure that such educational environments align and support top decile patient care and efficiency at Mountain States facilities, and ensure that the educational needs of Mountain States employees are adequately addressed.
2. ETSU and Mountain States will work to develop, implement and evaluate new models of collaborative care and inter-professional education.
3. The Council will receive input, advice, and suggestions, on ensuring the quality and relevance of training programs for meeting the health needs of the region, and to explore

the need for new degrees, certificates, or other training opportunities to address regional health needs.

4. Mountain States and ETSU will collaborate to ensure that opportunities for workforce development including developing new academic programs and formal academic training are made available to Mountain States employees.
5. In developing an academic health center model, ETSU and Mountain States recognize the other as a primary partner for their respective areas of expertise. ETSU training programs, including graduate medical education, will remain a priority within Mountain States facilities located in Tennessee, and Mountain States will collaborate with ETSU in any academic, research or clinical opportunity throughout the health system, as recommended by the Coordinating Council and approved according to the governing policies of each party. Likewise, clinical and academic program endeavors by Mountain States will remain a priority within ETSU. To ensure sustainability for current ETSU programs (including student and resident enrollment and placement of ETSU students) and to promote opportunities for development of new programs that further the objectives set out in this MOU, Mountain States shall provide a reasonable opportunity for ETSU to participate (or decline to participate) in amending existing programs or creating new programs proposed to be located in Tennessee prior to Mountain States seeking collaborative opportunities with other academic institutions. Likewise, ETSU shall provide a reasonable opportunity to Mountain States to participate (or decline to participate) in amending existing programs or creating new programs proposed to be located in Tennessee prior to ETSU seeking collaborative opportunities with other health care providers.
6. This relationship will not prevent students at other educational institutions from receiving training at Mountain States sites nor prevent ETSU from engaging with other training sites. The process for pre-licensure clinical scheduling for nursing students will continue to follow the guidelines established by the Appalachian Consortium for Nursing Education and Practice.
7. The parties commit to providing a learning environment fully compliant with the criteria of the relevant accreditation and regulatory bodies for all training and related issues under the control of the respective party.

VI. CLINICAL AND COMMUNITY-BASED CARE AND INNOVATION

1. The delivery of clinical care within each Mountain States, ETSU and MEAC facility and program is governed by the respective medical staff bylaws and operating policies of each organization. There are a number of areas where, for the purposes of furthering the goals and objectives of this MOU and its Exhibits, it is desirable for the clinical enterprises to meet collaboratively. ETSU and Mountain States will create a joint clinical council with multi-disciplinary clinical and administrative representation from the leadership of both parties for the purposes of ensuring communication and coordination of all clinical activities that are jointly delivered in a high quality and efficient manner, including but not limited to:
 - a. facilitating and simplifying transition of care, communications, and referrals between Mountain States and ETSU clinics and facilities;
 - b. working together to develop patient care protocols across disciplines to support the delivery of high-value care across the clinical spectrum, and
 - c. working together to model innovative approaches to inter-professional care.
2. ETSU and Mountain States will work to continue support for, and expansion of, the existing network of “safety net” clinics and related services provided by ETSU.
3. As identified by the workforce needs assessment process, and where appropriate, Mountain States will work with ETSU to identify and recruit health care professionals to provide care not adequately available for the citizens of the region and to provide training in those fields as appropriate.
4. Mountain States and ETSU will work together with relevant governmental and nongovernmental organizations to explore how best to provide community-based healthcare services in locations where such care is currently unavailable or insufficient.

VII. RESEARCH

1. ETSU and Mountain States will create a joint research council that will meet regularly to explore potential opportunities to collaborate on the conduct of clinical and community-based research, grant writing, data analysis, and other areas of collaboration.
2. ETSU will use its unique position to assist in the integration of the research-infrastructure of Mountain States and ETSU, in relation to both research in specific areas (e.g.

translational biomedical research, nursing research, outcomes research, and population health research) and specific research functions (e.g., evaluation, trial design, data analysis, grant administration, and compliance).

3. ETSU and Mountain States will work together to take advantage of the unique opportunities that a large data-set of clinical information offers for efforts to study, understand, and improve health outcomes in the region.
4. ETSU and Mountain States will work together to identify and sponsor high-priority research areas where new knowledge and program interventions can significantly address the identified health challenges of the region, such as prescription drug abuse, obesity, cardiovascular disease, stroke, diabetes and other chronic conditions, and social determinants of health.

VIII. MOUNTAIN STATES RELATION WITH EACH COLLEGE

The parties recognize the unique relationship Mountain States has with each College and their respective attributes and core services. The particular exchange of training and services for each College are further described in the attached Exhibits, which are fully incorporated hereby. Given the expected growth and development in the relationship of each College and Mountain States, the Exhibits may be updated and amended from time to time.

IX. ENTIRE AGREEMENT

This MOU shall serve as the master governing document incorporating all current contracts and affiliation agreements until such time as it may be amended or terminated as outlined in this MOU.

X. EXHIBITS

It is the intent of the parties that any arrangement between the parties, or their affiliates or subsidiaries, be incorporated as an exhibit to this MOU, and that no arrangement be entered or maintained which has not been considered through the structure created by this MOU and reflected as an exhibit hereto. The Exhibits, to be entered into and subsequently incorporated into this MOU, will establish the coordinating and operational arrangements between the parties as negotiated by the applicable working groups, colleges, or divisions of the parties. Currently, such relationships are often reflected in affiliation agreements and program letters of agreement between the parties. These Exhibits, outlining the broad working relationship of the parties, will be reviewed and approved by the Coordinating Council, as set forth in this MOU. Each Exhibit should, at a minimum, detail specific goals of the joint effort to be pursued, operating procedures for the joint governing structure responsible for the oversight of the joint goals and efforts outlined in each Exhibit, standard progress measures and reporting requirements related to the joint goals and efforts, including mutual conditions of payment and compliance required of each particular agreement between the parties overseen by the Exhibit. Other detailed and particular agreements between the parties, such as joint employment and/or recruiting agreements, professional agreements, marketing and communications agreements, and joint ventures, are subject to this MOU, but will be reviewed and approved by appropriate internal processes of the parties, and will not be submitted directly for prior approval to the Coordinating Council, except on special request or to resolve a dispute between the parties. A complete and up to date inventory of all such agreements will be maintained and summaries of all upcoming new, expiring and agreement amendments will be available for review at each Coordinating Council meeting.

XI. MISCELLANEOUS

1. Any and all claims against the university for personal injury and/or property damage resulting from the negligence of the university in performing any responsibility specifically required under the terms of this MOU shall be submitted to the Board of Claims or the Claims Commission for the State of Tennessee. Damages recoverable against the university shall be expressly limited to claims paid by the Board of Claims or Claims Commission pursuant to T.C.A. Section 9.8.301 et seq.

2. This document may be modified and revised by mutual consent. It shall be reviewed at least annually by the Coordinating Council and the respective parties. Further, it is understood and agreed that this Operating MOU will be implemented by subsequent supplemental agreements, as necessary, between Mountain States and each College regarding specific programs and responsibilities contemplated hereunder (which shall be attached as the Exhibits).
3. This Memorandum of Understanding shall be for a term of five (5) years, but may be terminated by either party upon one (1) year's written notice.
4. In the event any part of this MOU is declared illegal or unenforceable for any reason, then, in that event, that part of the MOU shall be deleted and the balance of the MOU shall remain in full force in issue; provided, however, the parties may renegotiate the portion declared illegal or unenforceable.
5. The parties acknowledges that they must comply with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, Executive Order 11, 246 and the related regulations to each. Each party ensures that it will not discriminate against any individual including, but not limited to employees of ETSU or applicants for employment with ETSU and/or students, because of race, religion, creed, color, sex, age, handicap or national origin.
6. The parties acknowledge that they must to take affirmative action to ensure that applicants are employed and that employees are treated during the employment without regard to their race, religion, creed, color, sex, handicap or national origin. Such action shall include, but not be limited by the following: Employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection available to employees and applicants for employment.
7. Mountain States shall maintain documentation for all charges against the University under the MOU. The books, records, and documents of Mountain States, insofar as they relate to work performed or money received under this MOU, shall be maintained for a period of three full years from the date of the final payment, and shall be subject to audit, at any reasonable time and upon notice, by the institution or the Comptroller of the Treasury, or their duly appointed representatives.

8. Mountain States represents that it will not knowingly utilize the services of illegal immigrants in the performance of this MOU and will not knowingly utilize the services of any subcontractor, if permitted under this MOU, who will utilize the services of illegal immigrants in the performance of this MOU.
9. Mountain States represents that it will not utilize the services of any individual required to register as a sex offender under Title 40, Chapter 39 of the Tennessee Code Annotated or any similar law.
10. This MOU shall be governed by the laws of the State of Tennessee.
11. The University will comply with the Tennessee Open Records Law in performing its duties under this MOU.

THE UNDERSIGNED do hereby agree to the provisions of this Operating Memorandum of Understanding by and between East Tennessee State University and Mountain States Health Alliance.

ITEM: A Review of the Teaching Profile of ETSU by Time Status and Tenure Status

COMMITTEE: Academic and Student Affairs Committee

PRESENTED BY: Dr. Michael B. Hoff
Associate Vice President and Chief Planning Officer

The activity that happens in the classroom accounts for roughly 70% of the funding and activity at the institution. As such, it is important to understand how we are utilizing faculty resources to achieve our mission.

Overall:

While ETSU has seen some change in the number of part-time instructional staff the largest share of instruction is being delivered by full-time and tenured/tenure-track faculty. Furthermore we are maintaining our position among peer institutions. This demonstrates a commitment to a well-trained and dedicated faculty that work every day to ensure ETSU is doing everything possible to fulfill its academic mission.

Tenure Comparison:

In a comparison with peer institutions the percentage of tenured/tenure-track faculty (71.35%) is slightly above the mean (70.34%) and median (71.32%) of the peer group. While this represents a 1.77% decrease in percent since 2012 it is worth noting that despite the challenges facing higher education today we have been able to maintain a robust qualified faculty as measured by tenure status.

Teaching Comparison:

A robust full-time faculty is essential for sustainability of academic quality, ETSU full-time faculty account for 55% of all faculty. Furthermore, they account for 67% of all courses taught. That means that over two-thirds of all courses taught at ETSU are taught by full-time faculty. It is also important to note in 2016 49.51% of all credits taught at ETSU are taught by tenured/tenure-track faculty and increase of one percent over 2015. So while the number of part-time faculty have increased the share of instruction is still borne by full-time faculty and a majority of those tenured/tenure-track faculty.

Distance Education:

For online courses we have seen 5.48% growth in the hours taught online from 2015 to 2016, despite that sizeable increase in hours we also saw a 2% increase in the share of those hours taught by tenured/tenure-track faculty.

Time of Course:

ETSU has not seen much change in the time of course offerings and 50% for both courses before and after 4pm are taught by tenured/tenure-track faculty.

Location of Course:

ETSU has seen an expansion of our foot-print, as measured by course offering location, by 13.88% from 2015 to 2016. While only 25% of those courses are taught by tenured/tenure-track faculty that can be explained by the necessity to use staff in those locations.

ITEM: ETSU Online: A Report on Quantitative and Qualitative Dimensions

COMMITTEE: Academic and Student Affairs Committee

PRESENTED BY: Dr. Karen D. King
Chief Information Officer
Senior Vice Provost for Information Technology Services

East Tennessee State University has been offering online courses and programs since 2001. Since that time the University has engaged in efforts to enhance both the qualitative and quantitative aspects of online education. In 2008 the Provost initiated the ETSU Online Liaisons, a group of faculty charged with oversight of online education. The ETSU Online Liaisons have successfully led the University to a growth rate of over 100% and implemented faculty training policies, course quality review initiatives, Online Master Teacher awards, and support ETSU Online staff in the periodic review of all online courses. The qualitative and quantitative aspects of ETSU Online Education will be detailed in this presentation.
